

## Dear Guest

Use of the Bagno Orizzonte beach resort is governed by the provisions set out by the Italian Government on containing the spread of the Coronavirus and, particularly, by the Italian Prime Ministerial Decree of 17/05/2020 and consequent Regional Council Orders.

We are sure that, to keep all of you and all of us safe, we can count on your patience and cooperation.

1. Along with a beach umbrella, our staff will give each guest an information document setting out all the prevention measures we have adopted. Guests are asked to follow these measures scrupulously.
2. The beach has separate entrances and exits. Please follow the indications given by our staff and the instructions appearing on our signage.
3. If you are queueing for the bar, showers, toilets, etc., you must keep a distance of at least one metre from the next person.
4. The rules in force in the beach resort also apply throughout Orizzonte Village.
5. Guests are asked to disinfect their hands frequently, using the sanitiser available from our dispensers, and to always wear a mask in closed spaces and in open areas where it is not possible to follow the social distancing measures.
6. Our areas have been reorganised to guarantee access in an ordered manner, to avoid gatherings and to ensure that guests can maintain a distance of at least one metre from each other, except for members of the same family or group of people who are sharing accommodation at Orizzonte Village.
7. The distance between beach umbrellas has been set so that each umbrella is guaranteed an area of at least 10m<sup>2</sup>.
8. Communal areas, like showers, toilets, tables, bar counters, etc., are regularly and frequently cleaned and disinfected throughout the day and are sanitised after the facility closes.
9. Pieces of beach equipment (sun loungers, reclining and upright deckchairs, beach umbrellas, pedalos, canoes, etc.) are disinfected before each new user and are all sanitised at the end of each day.
10. Group recreational and sporting activities which may lead to a gathering of people are prohibited. Individual sports, like swimming, windsurfing, kitesurfing, beach tennis, may be practised while observing the social distancing measures.
11. Please use the at-umbrella bar service to order food and drinks. Our staff will come and collect your order. Orders can also be made via phone to the number which can be found at your umbrella position.
12. Use of the tables in the bar restaurant is governed by the social distancing measures in force for catering areas. Longer tables can be shared by more than one individual or family/group provided they follow the one metre social distancing signs that are set out on the tables. People belonging to the same group are able to sit closer than one metre.
