

HOUSE RULES VILLAGGIO ORIZZONTE FOR OUR FRIENDS WITH FOUR PAWS AND THEIR OWNERS

- Pets are allowed in the all apartment-types. They must be leashed outside of the apartments and on village property.
The veranda of the apartment is not fenced (the PLUS apartments excepted). It is the owner's responsibility not to leave the dogs free outside the apartment.
- Pets are not allowed to enter the service areas (pools and market).
- We kindly ask to bring the dogs outside the village to do their needs.
- Inside the village it is every dog owners duty to clean up after their dogs. For this purpose you can ask for dog-poop-bags at the entrance.
- Pets should not disturb the others guests of the village.
- Breeds of dogs and animals deemed dangerous or reported as such by the competent authorities may be, at the discretion of management, banished from the village.
- The owners will be held responsible for possible damages caused by the pets.
- It is the owner's care to respect the general hygienic rules inside the apartment during the stay in the village. If your pet is perhaps used to get on the bed at home, most likely it will do so also in the apartment. To prevent damage to the furniture of the apartment or the laundry which is reserved for you, we thank you for bringing you own towels or blankets for your pet, as you probably do. You will understand that we will have to charge the costs if we find any damage to the laundry or furnishings.
- If you leave your pet alone inside the apartment, we remind you that it is in a new ambience and may not feel comfortable alone. For this case we ask you to be contactable by phone.

Thanks for your collaboration.
The Management / Villaggio Orizzonte
